DETAILED ACTION

1. Claims 2-7 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed modular stock system with a slideable and replaceable stock located beneath a cheek plate. It is noted that the claim language, especially the phrase "the stock module is slideable both beneath and in relation to the cheek plate", requires that the stock module itself must move, i.e. in relation to the entire gun. This is distinguished from a situation where the relative movement between the stock and cheek plate is provided by movement of the cheek plate and not the stock.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
